## FORESTERS OF AMERICA WILL HAVE COURT IN ONTARIO

A court of the above named order will shortly be instituted in this city. The Foresters is a purely social and benevolent society of a patriotic nature though devoid of any sectarian or political bias, thoroughly American in spirit. Its initiatory ceremony teaches a valuable lesson on loyalty to our American institutions and love of the flag of our common country. Its benevolent features embody a splendid system of benefits in time of sickness and distress for its members in addition to a burial benefit for deceased members and members wives.

## SWAT THE FLY BEFORE THE WARM WEATHER COMES ON

As the weather warms up the filthy fly is making an appearance and the swatters and traps should be kept busy as a fly killed now will prevent the breeding of several million during the season. Whenever you see a fly just figure out that he is carrying typhoid germs for someone and then do your duty.

Where you use closed garbage cans have them fitted with traps so that you can catch the fly that tries to get in and another to catch any fly that tries to get out with his feet covered with filth. The same applies to the screens in your doors and windows. The odor of cooking will attract them and a trap on the screen will catch them.

Flies breed only in filth and you should remove all breeding places.

## Obituary.

Mrs. Mary Kroessin, was born in the state of Wisconsin, Nov. 22, 1864, and died in Ontario, Oregon, April 26, 1913, at the age of 48 years.

In early childhood she moved with her parents to the state of Minnesota, where she grew to womanhood. She married Louis Kroessin February 24, 1886. For twenty-seven years they lived together sharing each others joys and sorrows until death caused an unwilling separation.

Besides a sorrowing husband three children remain to mourn her loss.

They are Walter, of St. Paul, Minnesota, Louis and Rose of this city, two brothers and two sisters and other relatives and a host of friends.

About a year ago she was stricken and has been a sufferer since then, sometimes intensely, but always patiently. The best medical talent available was called to treat her, but the disease would not yield to their skill. Anxious for her recovery and hoping that the climate of eastern Oregon might bring her relief the family moved west with her, however the desired results were not realized and she passed away peacefully Saturday morning, April 26, 1913.

She was a loyal member of the Presbyterian church, a devoted wife, a loving mother and a kind neighbor. May the hope of an everlasting reunion comfort those who mourn.

Funeral services were conducted Tuesday afternoon at 2 o'clock from the home by Rev. Philip Koenig, of the Congregational church. Interment was made in the Ontario cemetery.

## SELLS-FLOTO CIRCUS WILL BE AT PAYETTE ON MAY 27

It has always been a question among circus folks as to whether their patrons liked the elephants or clowns best, but no one ever questioned the public loyalty toward horses, for which the Sells-Floto circus has always been noted. In addition to the tremendous galaxy of stars owned by the circus, they have this year procured the Rhode Royal complete troupe of high school and menage horses. Beyond question the very best of their kind on the face of the globe.

The Royal troupe comprises twenty six beautiful and highly educated animals who accomplish all the numbers known in the repertoire of the high school. They appear at every performance on the hippodrome track and give an exhibition, which is not only marvelous from the educational standpoint, but such as will be received with acclaim by everyone who loves to see the horse at his best. It is one of the strongest numbers ever introduced by a traveling organization.

The Sells Floto circus will appear in Payette on May 27. The price of admission remains the same as that of former years—25 cents admits to the circus proper, menagerie and horse show, in its entirety.

## WOULD COMPEL DIVORCE

"No Woman Should Spend Her Days With a Brute or a Sot."

Chicago.—Compulsory divorce laws instead of laws to make divorce harder to obtain, were advocated by Judge Gemill, who, in the court of domestic relations hears perhaps more tales of marital woe than any other judge in the land.

"There are people living together today who should be forced by law to separate," said Judge Gemill. "There are women suffering untold misery through a mistaken sense of the binding quality of the marriage tie. God never meant that a woman should spend all her days with a brute."

## REORGANIZED ROAD LIABLE

Northern Pacific as Railway Company Must Pay Obligation as "Railroad."

Washington.—In a decision of momentous importance, especially as to railroads, the supreme court laid down the general principle that a creditor of a corporation, not a party to its reorganization, may hold its successor for its debt.

In this specific case, the court, 5 to 4, in a decision which Justice Lurton, who dissented, declared "was alarming," held the Northern Pacific railway company responsible for \$125,000 judgment against the Northern Pacific railroad company, which it succeeded, despite the fact that the court expressly stated that no moral wrongdoing was to be found in the reorganization.

Corporation lawyers who heard the decision declared it was a direct blow at the practice of reorganizing corporations to get rid of onerous contracts.
